NOTE: Download all your support materials and tools in one place.

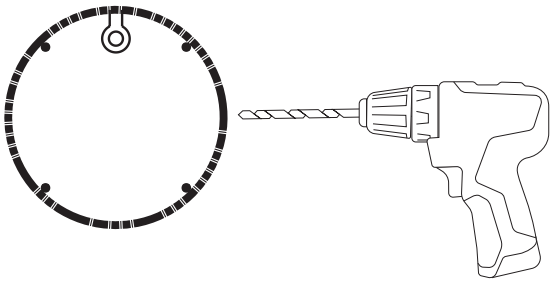

NOTE: Please refer to the full product manual for instructions on setting up the web viewer, its functions, and camera settings options.

NOTE: This product is covered by one or more claims of the HEVC Patents listed at patentlist.accessadvance.com.

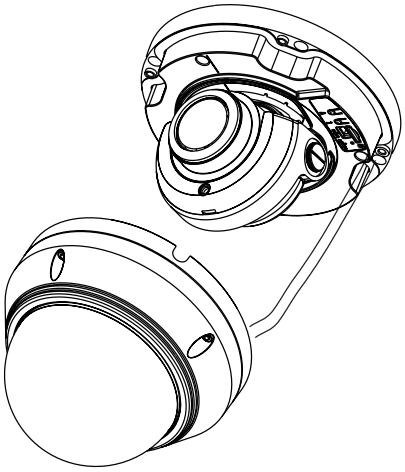

BOX CONTENT

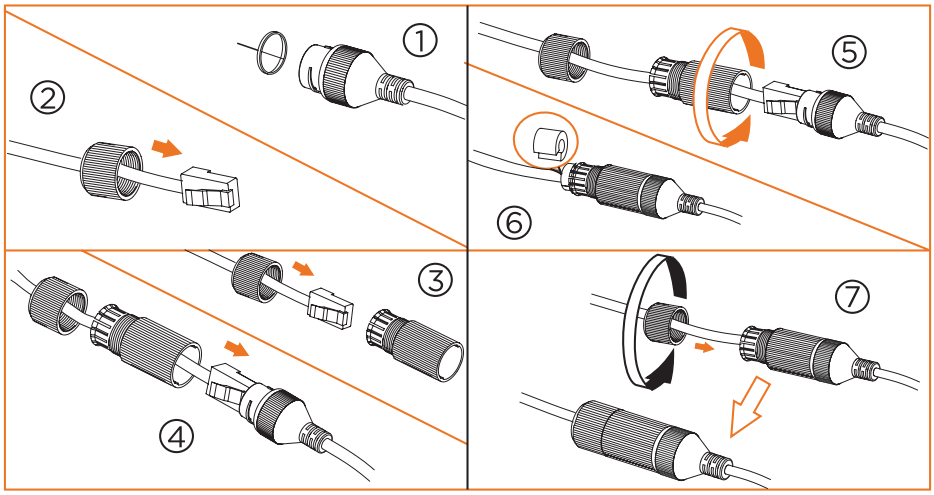

1 Mark and drill mounting holes in the mounting surface.

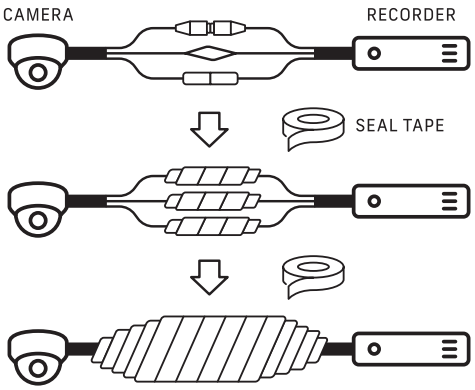

2 Detach the dome from the camera by loosening the dome screws with the included Star Wrench.

3 Connect all cables to the camera. Use waterproof gasket for the network cable.

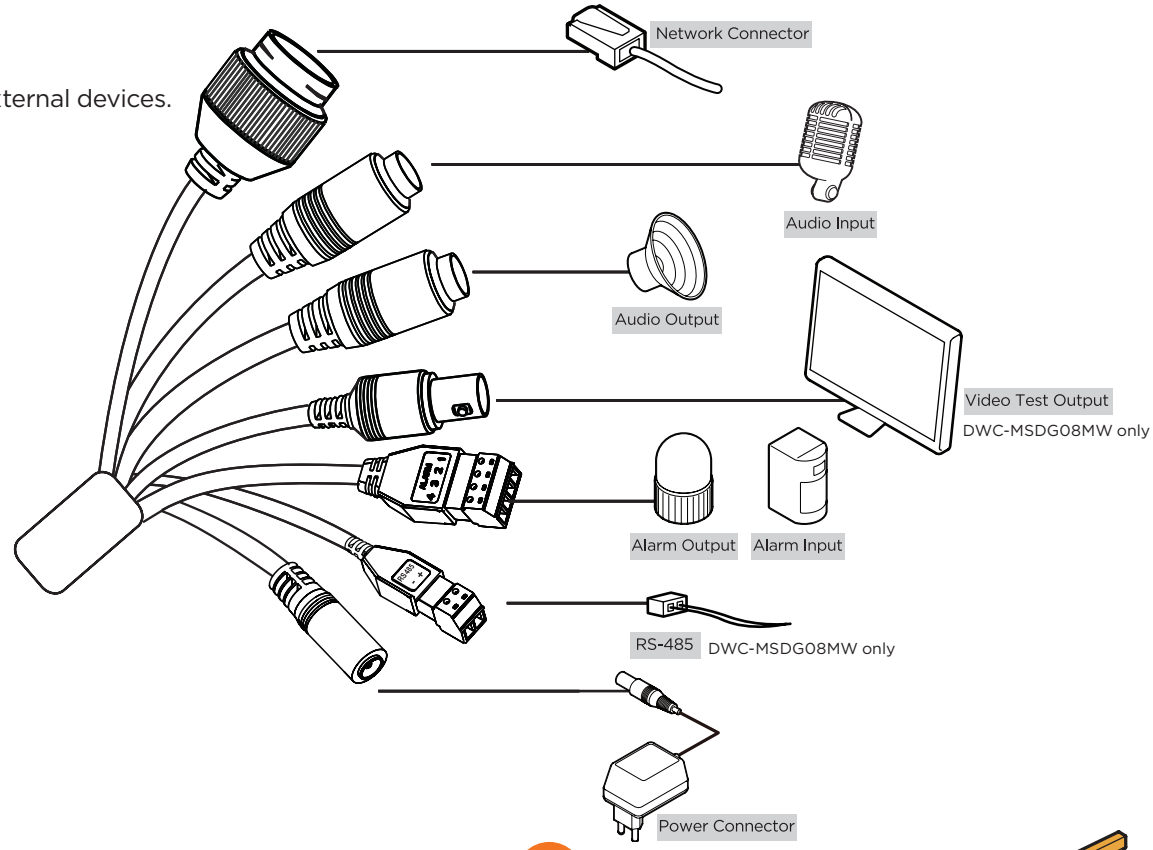

NOTE: In extreme environments use of an outdoor rated sealer is recommended.

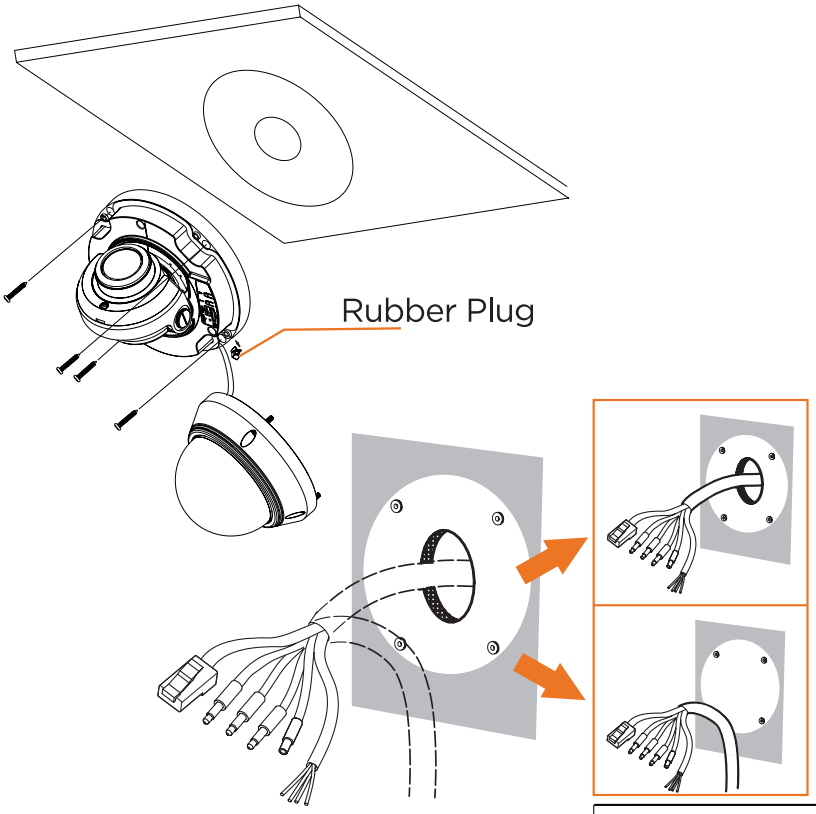

DW MEGAPIX® IP Cameras

Quick Installation Guide

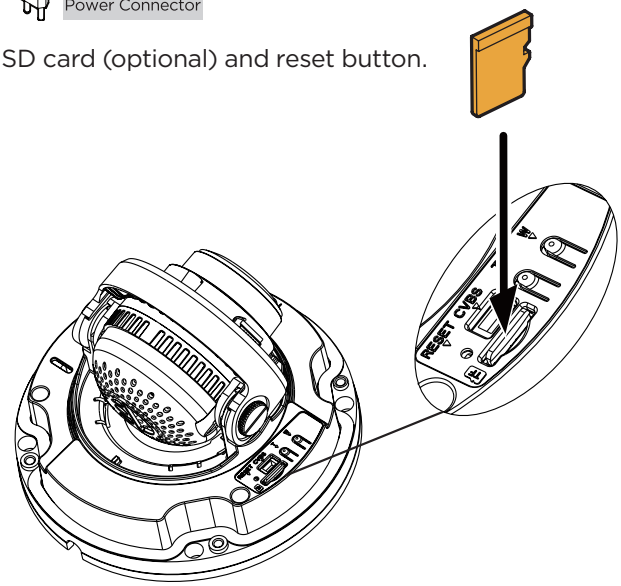

4 Cables and external devices.

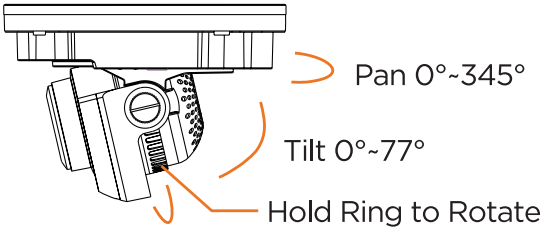

5 Secure the camera to the mounting surface. Use the rubber plug depending on the wires installation.

6 SD card (optional) and reset button.

7 Adjust the camera's tilt, pan and rotation. Remove the protective films and complete the installation.
